In 2010, regular fortnightly IPD Index News will be published, comparing the performance of mature property markets measured by IPD Global Network. The news bulletins will compare the national, specialist sector, multi-country and global indices as well as IPD range of unlisted pooled fund indices and global synthetic property derivatives trading volumes.

IPD Index News will be published every two weeks on Mondays, (exceptions are subject to reporting frequency). PDF releases – available on www.ipd.com – are in brackets. Please do bear in mind changes to this schedule are possible therefore please check back on the website for updates to the following timetable.

About IPD

IPD is a global information business, dedicated to the objective measurement of commercial real estate performance. As the world's number one provider of real estate performance analysis for funds, investors, managers and occupiers, IPD offer a full range of services including research, reporting, benchmarking, conferences and indices. The company operates in over 20 countries including most of Europe, the US, Canada, South Africa, Australia, New Zealand and Japan. Its indices are the basis for the developing commercial property derivatives market, and the most authoritative measures of real estate returns worldwide. For further information visit www.ipd.com
